

Eclipse SL

COM-PAC YACHTS
Hutchins CO., INC.

Featuring the Mastendr™ Quick Rig Sailing System the Eclipse can go from the road to the water in a matter of minutes.

The interior can be converted from food preparation to full lounging and sleeping. The portable head stores out of site behind the step

While not designed for racing but for comfort and ease of handling, the Eclipse will not be apologetic for her speed or agility.

Eclipse's open transom is not just stylish. Easy boarding with the integrated folding ladder makes swimming just that much more fun

Also available with a diesel.
